AMENDMENT

S I R:

In response to the Official Action dated February 20, 2003, and pursuant to the practice described in the Office notice entitled *Amendments in a Revised Format Now Permitted*, dated January 31, 2003, please amend the above application as follows:

IN THE SPECIFICATION:

Please substitute the following amended paragraphs for the corresponding pending paragraphs with the same page and line numbers:

Page 1, Lines 1-5:

AM  
The invention relates to a central control unit for controlling the charging process of a battery, that examines the existence of the conditions required for charging, and in accordance with the result of the examination enables or prohibits the charging process, and in given cases may change charging power.
